# Rapid Spoken English

## Dear Candidate/ Parent,

"Sir. My daughter studies in an English medium school. I was disheartened because I don't know English and had even cried when my child said, Please don't come to my school as you are not fluent in English."

- A parent

"Sir, I failed in my interview because I didn't have fluency in English" - An interview candidate.

A new enjoyable methodology for speaking English in 50 days for anyone, who had to bow their heads without being able to speak English and who is desirous of speaking English [Age or educational qualification is never a criteria] - Rapid Easy English (REE)

## What is NCDC & ICET?

The National Child Development Council (NCDC) is an ISO 9001: 2015 accredited National Child Welfare Organization (NCDC) based in New Delhi for the promotion of child welfare and the promotion of modern and scientific child education. It also holds a participatory status in the United Nations Global Compact, a voluntary initiative to implement universally accepted principles in the areas of human rights, labour, environment and anti-corruption, and to take action in support of UN goals. The International Center for Education and Training (ICET) is registered public limited company based at New Delhi, India.

## What are the objectives of NCDC / ICET?

- To implement proper and scientific methods of education and skill development.
- To organize various formal and informal training programs for general public, teachers, parents and children.
- To give counsel to the government and various other social organizations regarding child welfare activities.
- Coordinate various activities to protect the women and child rights and ensure their welfare.
- To implement the 'Project Ammaveedu' for giving awareness against child labor/child begging and the rehabilitation of homeless children

## How is it possible to speak English in 50 days?

### Can the reality be hidden?

Have you ever wondered why our children have not been able to speak English despite learning and teaching English for so many years? The grammar rules never developed any language in this world. Language is not a product of grammar. When we listen to someone's speech, we learn grammar without knowing which word to use and where. And if you learn to write its letter, you can write it. Teaching grammar rules make writing and speaking more difficult. Because in such cases the thought process will move away from the subject and go to the grammar rules. The subconscious mind accepts only the experiences and knowledge gained through picture and music. Therefore, the method of teaching based on the subconscious mind becomes effective. The informally formed language can be transmitted to another person in an informal way only. Conscious correction in language teaching can have the opposite effect. Natural correction occurs when you constantly hear someone else talking. Since language is formed in the order of hearing, speech and writing, training should be given in that order itself. Rapid Easy Spoken English (REE) & Personality Training is a very popular training program based on these concepts formulated by our Master Trainer Baba Alexander and promoted by NCDC and ICET New Delhi.
